

VC5400 преобразователь частоты
ИНСТРУКЦИЯ ПО ЭКСПЛУАТАЦИИ

1. Технические характеристики

Table with 2 columns: Name (Наименование) and Value (Значение). Includes frequency range, power, and efficiency.

Table with 2 columns: Name (Наименование) and Value (Значение). Includes input/output voltage and current.

Table with 2 columns: Name (Наименование) and Value (Значение). Includes dimensions and weight.

Table with 2 columns: Name (Наименование) and Value (Значение). Includes environmental conditions.

Table with 2 columns: Name (Наименование) and Value (Значение). Includes safety and warranty information.

Table with 2 columns: Name (Наименование) and Value (Значение). Includes technical specifications for various models.

Table with 2 columns: Name (Наименование) and Value (Значение). Includes safety and warranty information.

Table with 2 columns: Name (Наименование) and Value (Значение). Includes technical specifications for various models.

Table with 2 columns: Name (Наименование) and Value (Значение). Includes safety and warranty information.

Table with 2 columns: Name (Наименование) and Value (Значение). Includes safety and warranty information.

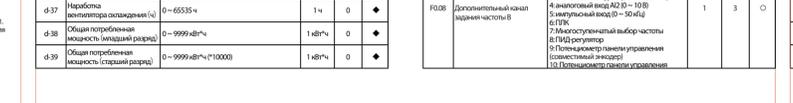

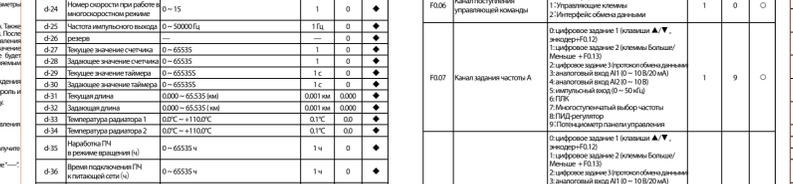

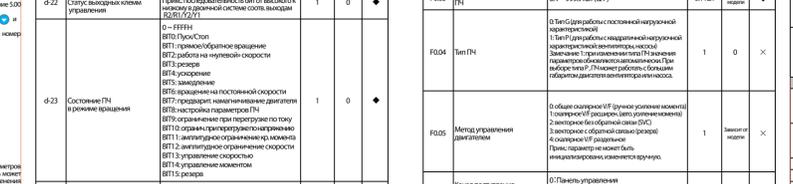

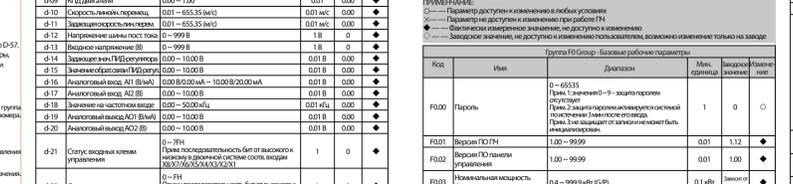

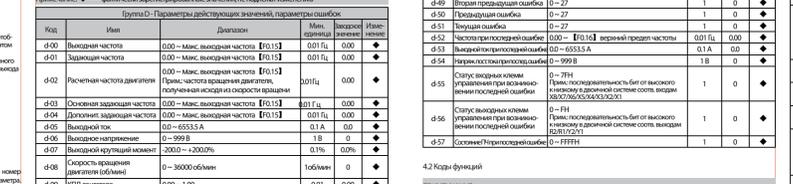

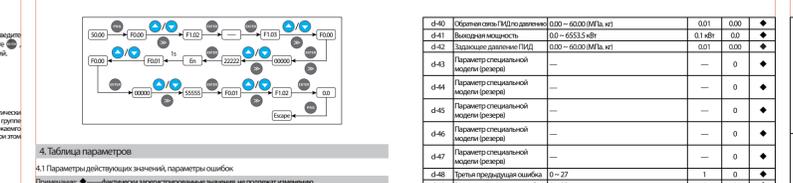

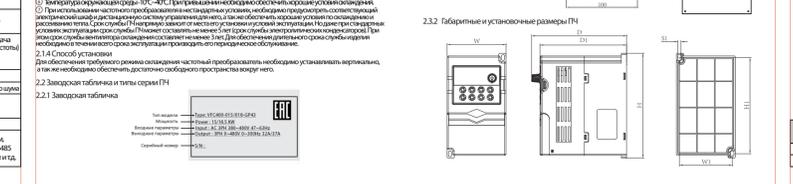

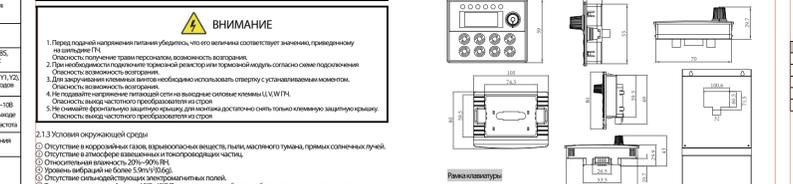

Table with 10 columns: Model, W, H, D, W1, H1, D1, S1, S2, S3. Lists various VC5400 models and their dimensions.

Table with 10 columns: Model, W, H, D, W1, H1, D1, S1, S2, S3. Lists various VC5400 models and their dimensions.

Table with 10 columns: Model, W, H, D, W1, H1, D1, S1, S2, S3. Lists various VC5400 models and their dimensions.

Table with 10 columns: Model, W, H, D, W1, H1, D1, S1, S2, S3. Lists various VC5400 models and their dimensions.

Table with 10 columns: Model, W, H, D, W1, H1, D1, S1, S2, S3. Lists various VC5400 models and their dimensions.

Table with 10 columns: Model, W, H, D, W1, H1, D1, S1, S2, S3. Lists various VC5400 models and their dimensions.

Table with 10 columns: Model, W, H, D, W1, H1, D1, S1, S2, S3. Lists various VC5400 models and their dimensions.

Table with 10 columns: Model, W, H, D, W1, H1, D1, S1, S2, S3. Lists various VC5400 models and their dimensions.

Table with 10 columns: Model, W, H, D, W1, H1, D1, S1, S2, S3. Lists various VC5400 models and their dimensions.

Table with 10 columns: Model, W, H, D, W1, H1, D1, S1, S2, S3. Lists various VC5400 models and their dimensions.

Table with 10 columns: Model, W, H, D, W1, H1, D1, S1, S2, S3. Lists various VC5400 models and their dimensions.

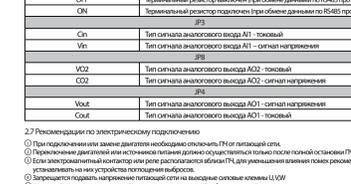

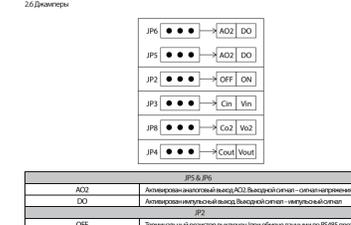

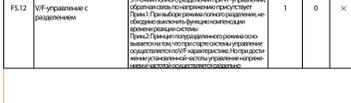

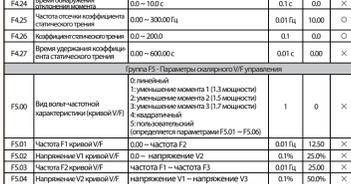

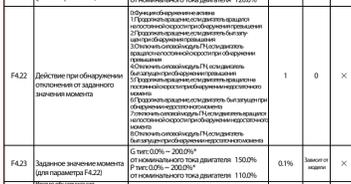

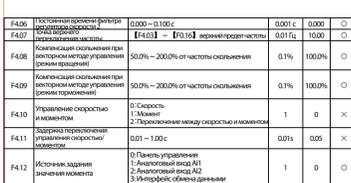

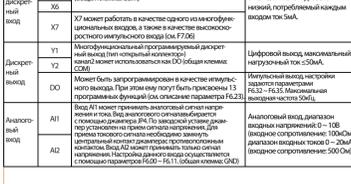

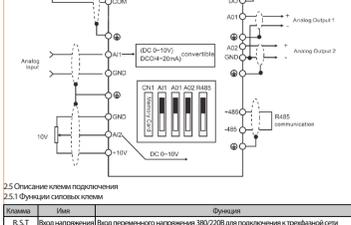

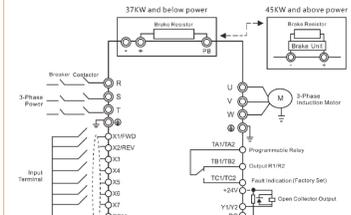

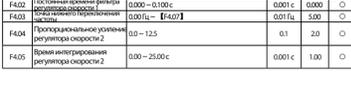

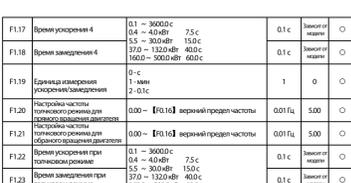

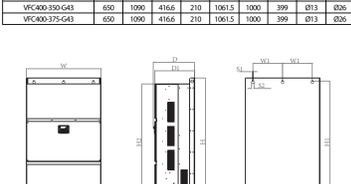

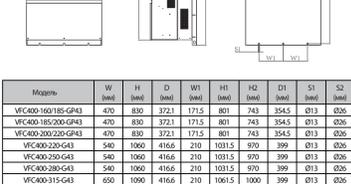

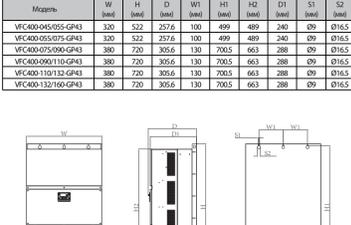

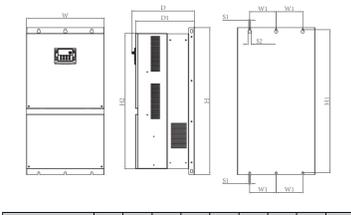

Table with 2 columns: Name (Имя) and Description (Описание функции). Lists various control functions.

Table with 2 columns: Name (Имя) and Description (Описание функции). Lists various control functions.

Table with 2 columns: Name (Имя) and Description (Описание функции). Lists various control functions.

Table with 2 columns: Name (Имя) and Description (Описание функции). Lists various control functions.

Table with 2 columns: Name (Имя) and Description (Описание функции). Lists various control functions.

Table with 2 columns: Name (Имя) and Description (Описание функции). Lists various control functions.

Table with 2 columns: Name (Имя) and Description (Описание функции). Lists various control functions.

Table with 2 columns: Name (Имя) and Description (Описание функции). Lists various control functions.

Table with 2 columns: Name (Имя) and Description (Описание функции). Lists various control functions.

Table with 2 columns: Name (Имя) and Description (Описание функции). Lists various control functions.

Table with 2 columns: Name (Имя) and Description (Описание функции). Lists various control functions.
