

## RUNNER 10w40

### HIGH MILEAGE ENGINE OIL

#### DESCRIPTION

Advanced motor oil, specially developed to protect critical engine parts in higher mileage vehicles (more than 120.000 km). The composition is based on special base oils with special seal agents and additives that extend the lifetime, reduce sludge and prevent deposits in the engine. The application of special seal conditioners prevents against leakage in older engines and reduces the oil consumption. This motor oil can positively influence the ageing and protection of your engine.

#### PROPERTIES

- Slows down the aging process of the engine.
- Improves wear protection.
- Improves resistance against oxidation.
- Provides very good cleaning properties.
- Assures good cold start properties.
- Reduces oil consumption.
- Improves the conditions of the seals and prevents against oil-leakage..

#### APPLICATION

Suitable for application in all types of engines of passenger cars and light commercial vehicles driven more than 120.000 km.

Apply the correct amount of oil indicated in the operating instructions of the vehicle and engine manufacture.

#### TYPICALS

|                   |                          |
|-------------------|--------------------------|
| Density at 15 °C  | 0,868 kg/l               |
| Viscosity -25 °C  | 6000 mPa.s               |
| Viscosity 40 °C   | 86,10 mm <sup>2</sup> /s |
| Viscosity 100 °C  | 13,80 mm <sup>2</sup> /s |
| Viscosity index   | 164                      |
| Flash point COC   | 224 °C                   |
| Pour point        | -42 °C                   |
| Total base number | 8,1 mgKOH/g              |

#### SPECIFICATIONS

ACEA A3/B3  
API SJ/CF

#### PACKAGING

5L can (4 x 5L box)  
20 L can  
60 L drum  
208 L drum
